

GENDER PAY GAP REPORTING

Aletheia Anglican Academies Trust are an employer required by law to carry out Gender Pay Gap Reporting under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017. This involves carrying out six calculations that show the difference between the average earnings of men and women in our organisation. It does not involve publishing any data relating to an individual employee.

We are required to publish results on our own website and a government website. For 2018, this is done within one calendar year of 5th April 2018.

The results can be used to assess;

- **The levels of gender equality in our workplace**
- **The balance of male and female employees at different levels**
- **How effectively talent is being maximised and rewarded**

The challenge in our organisation and across Great Britain is to eliminate any gender pay gap.

Further information about Gender Pay reporting can be found at www.acas.org.uk/genderpay

GENDER PAY GAP REPORT 2018

The Aletheia Anglican Academies Trust, in accordance with the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017, is required to publish information to demonstrate how large the pay gap is between male and female employees.

The overall gender pay gap is defined as the difference between the mean (average) or median (actual midpoint) hourly rate of pay of male and female employees.

The results of these statutory calculations are:

1. Mean Pay Gap

The difference between the mean hourly rate of pay that male and female full pay relevant employees receive is **23.9%**.

2. Median Pay Gap

The difference between the median hourly rate of pay that male and female full pay relevant employees receive is **38.1%**.

3. Mean Bonus Gap

The difference between the mean bonus rate of pay that male and female full pay relevant employees receive is **0.0%**.

4. Median Bonus Gap

The difference between the median bonus pay that male and female full pay relevant employees receive is **0.0%**.

5. The Proportion of males and females receiving a Bonus Payment

During the 12 month period ending with the snapshot date **0.0%** of male relevant employees and **0.0%** of female relevant employees received bonus payment.

6. The Proportion of males and females in each Quartile Pay Band

Lower Quartile	Lower Middle Quartile	Upper Middle Quartile	Upper Quartile
4.3% Male 95.7% Female	16.0% Male 84.0% Female	17.2% Male 82.8% Female	23.7% Male 76.3% Female

Supporting Statement

The Aletheia Anglican Academies Trust is committed to the promotion of equality of opportunity and choice for employees and supports the fair treatment of all staff irrespective of gender through our transparent recruitment processes, pay policy and professional development. All our posts are aligned to nationally agreed pay scales and our male and female staff are paid within the same pay band for the same job role.

The Gender Pay Gap is a high level, non-adjusted indicator of male and female earnings which is affected by workforce distribution and workforce make-up.

The majority of staff are in the lower pay quartiles and the workforce is predominantly female therefore the gap between the 'average' female hourly rate of pay and the 'average' male hourly rate of pay is significantly affected.

The Aletheia Anglican Academies Trust supports our staff with a number of family friendly provisions such as part time working, which our employees, including senior leaders, choose to take advantage of.

The overall gender pay gap therefore reflects workforce composition rather than pay inequalities.

I confirm that the above information has been prepared from our payroll data on the snapshot date and fairly represents the Gender Pay Gap Information for the Aletheia Anglican Academies Trust.
